

# EASTERN ILLINI ELECTRIC COOPERATIVE

## REGULATION NO. 21

**SUBJECT:** Rates and Fees

### REGULATION:

When the Cooperative provides certain services or facilities, job orders, custom work, repair of facilities, and the like, the Cooperative will bill the member/owner or non-member/owner for such based on the type of work or service at the following schedule of charges. Material item charges not specifically identified below are billed at the cost as recorded in the Cooperative's materials inventory or purchase order system. Any applicable taxes shall be added to all charges for work performed.

### 1. HOURLY RATES

#### A. Labor and Equipment:

1. Labor (including fringe benefits)	\$57.00 per hour
2. Overtime	74.00 per hour
3. Double time (Sunday or holidays)	92.00 per hour
4. Utility and pickup trucks	.70 per mile
5. Bucket trucks	32.00 per hour
6. Digger trucks	42.00 per hour
7. Tree bucket	32.00 per hour
8. Chipper	17.70 per hour
9. Pole trailer	9.90 per hour
10. Backhoe	21.00 per hour
11. Directional boring, includes conduit (50 foot minimum charge)	14.00 per foot

### 2. JOB SPECIFIC FEES

#### A. Work orders at member/owner's premises:

	<u>Material</u>	<u>Labor</u>	<u>Total</u>
1. Move straight line pole - 2 hours		114.00	114.00
2. Move transformer pole, or any guyed pole - 3 hours		166.00	166.00
3. Add anchor only - 1 hour	35.00	57.00	92.00
4. Retire anchor - 1/2 hour		29.00	29.00
5. Add anchor and guy wire - 1 hour	50.00	57.00	107.00
6. Retire anchor and guy wire - 1 hour		57.00	57.00
7. Add 30' pole, straight line - 2 hours	147.00	114.00	261.00
8. Retire 30' pole, straight line - 1 hour		57.00	57.00
9. Add 35' pole, any type - 2 hours	235.00	114.00	349.00
10. Retire 35' pole, any type - 1 hour		57.00	57.00
11. Construction delay charge		120.00	120.00

B. Add \$20 material charge per 5-foot longer pole and add \$6.60 per foot for any services or primary added. No credit allowed for service or primary retired. Fees apply to single-phase construction and class 4 or smaller poles.

C. Equipment/poles moved with no benefit to EIEC – hourly rates apply.

**3. PRIMARY/SECONDARY UNDERGROUND SUBDIVISION FEE**

A. Fees to place underground primary/secondary in a subdivision, as defined in Regulation No. 20, Underground Electric Service Facilities, are as follows:

1. Non-refundable
  - (a) Single-phase 15 kVa or lower conductor, greater than 300 feet per foot – per lot charge: \$ 7.90 per ft.
  - (b) Padmount transformer adder, single-phase, per transformer for rural subdivisions with 9 or fewer lots: \$750.00 per lot
2. Refundable
  - (a) Subdivision deposit per lot, up to 300-foot extension: \$1,185.00 per lot

**4. SERVICE DROP FEE**

A. Conductor	<i>Installation Fee</i>		<i>Overhead</i>	<i>Underground</i>
	<i>Overhead</i>	<i>Underground</i>	<i>Per Foot</i>	<i>Per Foot</i>
1. Single-phase 200A	\$400.00	\$600.00	\$ 5.50	\$10.25
2. Single-phase 400A	400.00	600.00	6.00	12.50
3. Single-phase 600A	400.00	600.00	12.00	14.00
4. Three-phase 200A	600.00	900.00	6.75	13.00
5. Three-phase 400A	600.00	900.00	8.25	14.50
6. Three-phase 600A	600.00	900.00	15.00	18.50
7. Three-phase 800A	600.00	900.00	15.00	24.00

For service to a year round permanent residence, as defined in Regulation No. 25, Extension of Overhead Primary Distribution Lines, the installation fee is waived for overhead and there is a \$4.00 per foot allowance for underground type construction. The Cooperative provides subsurface conduit where necessary at no additional fee.

**5. PRIMARY/SECONDARY UNDERGROUND FEE**

A. Conductor	<i>Installation Fee</i>	<i>Underground Per Foot</i>
1. Single-phase 25 kVa or lower conductor	\$750.00	14.80
2. Single-phase extension up to 1,320 feet allowance (E.)		-6.85
3. Three-phase 25 kVa or lower conductor	900.00	26.00
4. Three-phase extension up to 660 feet allowance (E.)		-10.35
5. Padmount transformer adder, single-phase, per transformer up to 75 kVa	750.00	

B. Padmount transformer greater than 75 kVa - market price for the required unit.

C. Three-phase pad mount transformer – incremental market price for pad mount versus overhead transformer(s).

D. Non-standard voltage transformers – market price for the required unit.

E. For service to year round permanent residence as defined in Regulation No. 25.

**6. PRIMARY/SECONDARY OVERHEAD FEES**

- A. A non-refundable contribution for overhead line extensions in excess of allowances, per Regulation No. 25, shall apply.
- B. Material item prices reflect the “inventory” price or most recent purchase order price.

	<i>Installation Fee</i>	<i>Overhead Per Foot</i>
1. Single-phase line extensions #2 ACSR or smaller size conductor	650.00	6.85
2. Three-phase line extensions #1/0 ACSR or smaller size conductor	900.00	10.35
3. Security light pole and 50 feet - #6 triplex	265.00	
4. Security light extensions – in excess of 50 feet - #6 triplex		.38

**7. TEMPORARY ELECTRIC SERVICE**

- A. A temporary electric service that requires the installation and removal of a transformer (that will not be used for the permanent service) shall require payment of a temporary service fee of \$150.00.
- B. Bridge contractors requesting an overhead 100-amp temporary electric service shall pay a transformer service drop fee of \$400.00 plus fees for any other needed facilities.

**8. METERING INSTALLATION**

- A. The charges below are based upon standard and usual line construction and metering. Non-standard items are priced on a case-by-case basis.
- |  |          |
|--|----------|
| 1. <u>Single-phase - overhead CT metering</u>                    |          |
| 2 Wire   | \$262.00 |
| 3 Wire   | 370.00   |
| 2. <u>Single-phase – underground CT metering</u>                 |          |
| 3 Wire   | 338.00   |
| 3. <u>Three-phase – overhead CT metering</u>                     |          |
| 3 Wire   | 2,203.00 |
| 4 Wire   | 1,919.00 |
| 4 Wire with added PT's   | 2,501.00 |
| 4. <u>Three-phase – underground CT metering</u>                  |          |
| 3 Wire   | 2,176.00 |
| 4 Wire   | 1,898.00 |
| 4 Wire with added PT's   | 2,480.00 |
| 5. Rate 18 (200A max allowed) – disconnect device, meter & setup | 500.00   |
| 6. Rate 24 single-phase (greater than 200A) – meter & setup      | 500.00   |
| 7. Rate 24 three-phase – meter & setup                           | 800.00   |

## 9. MISCELLANEOUS SERVICE FEES

### A. Electric service disconnection and/or reconnection service fee.

The following charges apply for each onsite or remotely initiated electric service disconnection or reconnection or for any trip made because a member fails to abide by the Cooperative's Regulations, or for a requested special service. Overtime charges apply to services performed beyond the Cooperative's regularly scheduled workday.

Trip fee regular time	\$40.00
Trip fee overtime	\$163.00

### B. Meter test

The following charges apply for each requested meter test when the meter is not recording fast by more than two percent.

Single-phase meter	\$40.00
Three-phase meter	\$65.00

### C. Dishonored check or EFT

The following charges apply for each check, credit card or electronic funds transfer (EFT) not paid or rejected by a depository institution or processor for any reason.

Dishonored check or EFT	\$25.00
-------------------------	---------

### D. Collection fee

The following charges apply for each account that has a past due bill owing on the scheduled disconnect date. This charge covers the costs to prepare the documentation for and manage the collections process and the follow up letters.

Collection fee	\$5.00
----------------	--------

### E. EFT manual processing

The following charges apply for each EFT transaction, such as check or credit card that the Cooperative manually processes in response to a phone request by a member. Automated EFT transactions and credit cards presented in person are accepted with no processing fee. The Cooperative reserves the right to limit the amount of any single credit card transaction to \$1,000.

EFT manual processing fee	\$10.00
---------------------------	---------

## F. Meter tampering fee

The following charges apply for instances of tampering with the operation of the Cooperative's electric meter that results in under-recording of electric power or breaking of the meter seal per Regulation No. 5, Member/Owner's Responsibility. Standard labor rates apply in addition to the administrative fee.

Meter tampering first occurrence	\$100.00
Meter tampering subsequent occurrence	\$250.00
Meter seal tampering	\$50.00

## G. Billing and work order processing

The following charges apply for all hours required to provide account history information or cooperative documents.

Billing and work order processing	\$36.00 per hour
-----------------------------------	------------------

## H. Copy fee

The following charges apply for each single sided copy of a document provided at the request of a member/owner, representative or other interested party. A copy fee is in addition to research fees.

Copy fee	\$.08 per copy
----------	----------------

## I. Utility Pole

The utility pole attachment charge is per attachment, and is subject to contract provisions.

Per attachment	\$13.18 annually
----------------	------------------

## J. Material

Any materials sold to others are priced at the higher of inventory price or most recent purchase order price plus a 15 percent handling charge and sales tax, if applicable.

This schedule is subject to revision.
