

2010 Marketing Information and Programs

Single-Phase/Small Power Rates

Rate 1 – Single-Phase General Service Rate

\$26.15 per month minimum facilities charge
First 1,000 kilowatt hours @ 13.8¢ per kWh
Over 1,000 kilowatt hours @ 8.6¢ per kWh

Rate 20 – Single-Phase Electric Heat Rate

Member must have electric heat providing 75% of space heating and an electric water heater as sole source of domestic hot water to qualify for this rate.

\$34.00 per month minimum facilities charge

Heating Season Rate: Oct. – May kWh use

First 1,000 kilowatt hours @ 13.8¢ per kWh
Over 1,000 kilowatt hours @ 6.8¢ per kWh

Summer Rate: June – Sept. kWh use

First 1,000 kilowatt hours @ 13.8¢ per kWh
Over 1,000 kilowatt hours @ 8.6¢ per kWh

With Eastern Illini's electric heat rate:

A Geothermal system = 55¢/gallon propane or 61¢/therm NG.

An air-source HP = 80¢/gallon propane or 89¢/therm NG.

Rate 18 – Single-Phase/Small Power Interruptible Rate

\$31.46 per month minimum facilities charge
First 1,000 kilowatt hours @ 13.8¢ per kWh
Over 1,000 kilowatt hours @ 7.6¢ per kWh

Normal interruption times are June 1 - Sept. 15, for up to 10 hours each day.

Three Phase/Large Power Rates

Rate 5 – Three Phase General Service Rate

\$61.59 per month minimum facilities charge
First 1,000 kilowatt hours @ 13.1¢ per kWh
Over 1,000 kilowatt hours @ 9.0¢ per kWh

Rate 8 – Three Phase Electric Heat Rate

Member must have electric heat providing 75% of space heating and an electric water heater as sole source of domestic hot water to qualify for this rate.

\$52.00 per month minimum facilities charge

Heating Season Rate: Oct. – May kWh use

First 1,000 kilowatt hours @ 12.3¢ per kWh
Over 1,000 kilowatt hours @ 6.5¢ per kWh

Summer Rate: June – Sept. kWh use

First 1,000 kilowatt hours @ 13¢ per kWh
Over 1,000 kilowatt hours @ 10.4¢ per kWh

Rate 24 – Three Phase/Large Power Interruptible Rate

\$1.00 per KVA of installed transformer capacity (\$75 minimum)
per month facilities charge

Demand charge: \$2.80/KW (measured at highest average 15 min. demand)

Summer Rate – May – Aug. billing periods = 9.55¢ per kWh

Heating Season Rate – all other billing periods = 7.6¢ per kWh

A Power Cost Adjustment (positive or negative) will be applied to each bill to reflect the monthly power cost fluctuation.

Energy Wise Home Loans

\$10,000 @ 6.9% for 7 years on an Energy Wise package.

\$10,000 @ 6.9% for 7 years on a geothermal system.

\$10,000 @ 6.9% for 7 years on standby generators.

\$5,000 @ 6.9% for 5 years on air source heat pumps with electric backup.

\$3,000 @ 6.9% for 5 years on air source heat pumps with gas backup.

\$3,000 @ 6.9% for 5 years on home weatherization upgrades.

\$1,200 for 200 amp & \$600 for 100 amp upgrades @ 6.9%.

Load Management:

Member may opt to allow Eastern Illini to control central air conditioning and/or electric water heaters at peak control times during the summer. This load management may qualify the member for up to a \$123 per year credit.

Home Energy Evaluations:

Our certified Home Energy Rater can provide a detailed summary of your home's energy efficiency, and provide money saving tips for improving energy efficiency. Home energy audits start at \$175.

Geothermal/Air-Source Heat Pump Field Days:

Eastern Illini will support a dealer initiated geothermal or air-source heat pump field day or open house for a new installation. Eastern Illini will provide food, drinks and will promote the event, in addition to giving the homeowner a \$100 restaurant gift certificate. Eastern Illini will co-op advertise up to \$150 per event with proof of advertising.

Cooperative**

RATES

Eastern Illini Electric Cooperative offers rate structures to provide you with the best possible service and flexibility. Whether you are a single-phase residential member, or a large-power commercial business, Eastern Illini Electric Cooperative has the rate that will suit your needs. Some possibilities include the **electric heat rate**, the **interruptible rate**, the **time-of-day rate**, or the **summer/winter rate**. Since the same rate is not always appropriate for everyone, we also offer assistance to help determine which rate will best suit your needs.

FLEXIBLE PAYMENT OPTIONS

Eastern Illini Electric Cooperative offers the following convenient payment options.

- Cash or Check
- Budget Billing (same payment each month)
- Electronic Bank Drafting
- Online Payments (www.eiec.coop)
- Automatic Credit Card Payments
- Bank Debit Card Payments

ENERGY WISE HOME LOAN PROGRAM

Eastern Illini Electric Cooperative offers a wide variety of loans, all with the purpose of making your life more comfortable. Some of the items that we will loan money for include:

- Service Upgrades
- A Standby Generator
- An Air Source Heat Pump
- A Geothermal Heating and Cooling System
- Energy Efficiency work through an Approved Contractor

OTHER SERVICES

Eastern Illini offers several value-added services to promote safety in and around your home. For a small charge included in your monthly bill, you can protect your property by lighting it through the night with our security light rental program. Eastern Illini also offers a home surge protection system, which warrants your “white” appliances for 15 years. We also offer a full line of automatic-start Standby Generators, which can power your essential home appliances during an electrical outage.
